Cardiac: arrhythmia, HF and valve
Nonrheumatic aortic valve disorders
Heart failure
Right bundle branch block combinations
Left bundle branch block
Nonrheumatic mitral valve disorders
Supraventricular tachycardia
Atrioventricular blocks
Atrial Fibrillation
Cardiac: structural
Dilated cardiomyopathy
Hypertrophic Cardiomyopathy
Ventricular tachycardia
Cardiomyopathy: other
Cardiovascular
Coronary Heart Disease (not otherwise specified)
Stable Angina
Respiratory
Polycythaemia vera
Pulmonary Fibrosis
COPD
Pleural effusion
Bronchiectasis
Secondary polycythaemia
Hernia and urological
Primary Malignancy: Skin
Abdominal Hernia
Fibromatosis
Gout
Benign Prostatic Hyperplasia
Primary Malignancy: Prostate
Gastrointestinal
Gastritis and duodenitis
Diaphragmatic hernia
Gastro-oesophageal reflux disease
MSK, urinary and neuropathy
Osteoarthritis (excl spine)
Spondylosis
Urinary Incontinence
Enthesopathy and synovial disorder
Intervertebral disc disorders
Diverticular Disease
Haematological
Secondary Thrombocytopaenia
Hyposplenism
Myelodysplastic Syndrome
Thalassaemia
Non-Hodgkin Lymphoma
Primary Thrombocytopaenia
Leukaemia
Aplastic anaemias
Sickle Cell Disease
Hodgkin Lymphoma
Immunodeficiencies
Plasma Cell Malignancy
Other haemolytic anaemias
Alcohol and Liver
Hypersplenism
Alcohol Misuse
Oesophageal varices
Fatty Liver
Hepatic failure
Autoimmune liver disease
Primary Malignancy: Liver
Portal hypertension
Cirrhosis
Alcoholic liver disease
Primary and secondary malignancies
Primary Malignancy: Bone
Secondary Malignancy: Liver
Secondary Malignancy: other
Secondary Malignancy: Brain
Secondary Malignancy: Lung
Primary Malignancy: Testis
Secondary Malignancy: Lymph Nodes
Primary malignancy and uropathy
Primary Malignancy: Bowel
Primary Malignancy: Melanoma
Primary Malignancy: other
Primary Malignancy: Oesophageal
Primary Malignancy: Lung
Primary Malignancy: Oropharyngeal
Obstructive and reflux uropathy
Primary Malignancy: Kidney
Primary Malignancy: Stomach
Primary Malignancy: Pancreas
Asbestos-related
Pleural plaque
Asbestosis
Primary Malignancy: Mesothelioma
Alcohol, haematological and liver
Cirrhosis
Hodgkin Lymphoma
Primary Thrombocytopaenia
Alcohol Misuse
Other haemolytic anaemias
Plasma Cell Malignancy
Fatty Liver
Hypersplenism
Thalassaemia
Portal hypertension
Secondary Thrombocytopaenia
Alcoholic liver disease
Leukaemia
Non-Hodgkin Lymphoma
Aplastic anaemias
Autoimmune liver disease
Malignancies
Primary Malignancy: Melanoma
Primary Malignancy: Kidney
Secondary Malignancy: Liver
Primary Malignancy: Testis
Secondary Malignancy: other
Primary Malignancy: Bowel
Primary Malignancy: Lung
Primary Malignancy: Oropharyngeal
Obstructive and reflux uropathy
Primary Malignancy: other
Primary Malignancy: Breast
Pleural plaque
Primary Malignancy: Oesophageal
Female organ and thyroid malignancies
Endometrial hyperplasia and hypertrophy
Primary Malignancy: Cervix
Primary Malignancy: Uterus
Primary Malignancy: Breast
Female organ and thyroid malignancies
Endometrial hyperplasia and hypertrophy
Primary Malignancy: Breast
Primary Malignancy: Thyroid
Primary Malignancy: Uterus
Primary Malignancy: Cervix
Primary Malignancy: Ovary
Cardiovascular
Stable Angina
Atrial Fibrillation
Abdominal Hernia
Coronary Heart Disease (not otherwise specified)
Metabolic
Raised LDL-C
Diabetes Mellitus: other or not specified
Raised Total Cholesterol
Raised Triglycerides
Obesity
Hypertension
Type 2 Diabetes Mellitus
Metabolic
Type 2 Diabetes Mellitus
Raised Total Cholesterol
Raised LDL-C
Diabetes Mellitus: other or not specified
Hypertension
Low HDL-C
Raised Triglycerides
Metabolic
Raised Triglycerides
Low HDL-C
Obesity
Raised Total Cholesterol
Type 2 Diabetes Mellitus
Hypertension
Diabetes Mellitus: other or not specified
Raised LDL-C
MSK, autoimmune and neurological
Gastro-oesophageal reflux disease
Osteoarthritis (excl spine)
Enthesopathy and synovial disorder
Hearing loss
Gastritis and duodenitis
Cataract
Thyroid Disease
Chronic Kidney Disease
Autoimmune and inflammatory
Thrombophilia
Coeliac disease
Raynaud's syndrome
Psoriasis
Anterior and Intermediate Uveitis
Autoimmune and inflammatory
Glomerulonephritis
Psoriatic Arthritis
Ankylosing spondylitis
Ulcerative colitis
Scleritis and episcleritis
Anterior and Intermediate Uveitis
Crohn's disease
Autoimmune connective tissue and multi-system
Cystic Fibrosis
Thrombophilia
Raynaud's syndrome
Scleroderma
Lupus Erythematosus
Coeliac disease
Sjogren's Syndrome
MH, allergic, autoimmune, skin, gynaecological, LD
Irritable bowel syndrome
Acne
Anxiety disorders
Depression
Dermatitis
Allergic and chronic rhinitis
Asthma
Migraine
Stroke
Transient ischaemic attack
Subarachnoid haemorrhage
Ischaemic stroke
Stroke: not otherwise specified
Autoimmune, anaemia and MSK
Anaemia: other
Vitamin B12 deficiency anaemia
Thyroid Disease
Osteoporosis
Venous thromboembolic disease (Excl PE)
Rheumatoid Arthritis
Folate deficiency anaemia
Auditory, visual and cognitive impairment, and CKD
Macular degeneration
Cataract
Dementia
Glaucoma
Visual impairment and blindness
Hearing loss
Chronic Kidney Disease
Retinal vascular occlusions
Stroke
Ischaemic stroke
Transient ischaemic attack
Subarachnoid haemorrhage
Stroke: not otherwise specified
Allergic, pain, gynaecological
Endometriosis
Migraine
Asthma
Dermatitis
Acne
Dysmenorrhoea
Allergic and chronic rhinitis
Mental health
Obsessive-compulsive disorder
Personality disorders
Anxiety disorders
Bipolar affective disorder and mania
Depression
Substance Misuse
Chronic viral hepatitis
Schizophrenia
Pain, fatigue and skin
Seborrheic dermatitis
Chronic primary pain
Rosacea
Chronic Fatigue Syndrome
Chronic sinusitis
Irritable bowel syndrome
Learning disabilities
Hyperkinetic disorders
Intellectual disability
Cerebral Palsy
Epilepsy
Congenital Septal Defect
Autism and Asperger's syndrome
